FABRICS by Polartec, LLC (formerly Malden Mills)

The fabrics listed below are manufactured by Polartec, LLC. from polyester fiber. It is a pile fabric that does not shrink, pill, or pull out of shape and is comfortably worn next to the skin. It is warmer and lighter than wool. It absorbs less than 1% of moisture and dries rapidly. It is also called bunting pile. Uses: Excellent for jackets, both shell and linings, and bag liners where a soft pile is desirable. Most Rolls are 58-62" wide, with the stretch (Lycra) rolls narrower, more like 55-58" \$7.50 FOR SAMPLES OF FABRICS by Polartec, LLC. (currently on hand.)

Manufactures Please Note: Polartec, LLC. has restricted the use of all trademarks to those customers that have a trademark license agreement with Polartec, LLC. Therefore you may not use the words Polarfleece®, or Polartec® on any advertising or finished goods without the special consent of Polartec, LLC. You may use: "Fabrics by Polartec, LLC.", 100 weight type, 200 weight type, etc... If you have any questions please feel free to ask.

FABRICS ARE LISTED BY COLOR NAME AND Polartec, LLC COLOR NUMBER NOT ALL COLORS OR PRINTS ARE AVAILABLE IN FULL ROLLS. PLEASE ASK US FOR OUR FULL ROLL LIST

CLIMASHIELD™ Polyester Continuous Filament (CS+wt+style)

68"....APEX..... 2.2 oz 3/8 to 5/8" loft.... White.....	12.95	10.11
♥60"....HL..... 3.3oz ½ to 1" loft..... White.....	13.95	10.89
60"....APEX..... 4 oz ½ to 1" loft..... White.....	14.95	10.89
61"....APEX..... 6 oz.....1-2" loft..... White.....	18.95	14.79

Continuous filament insulations stretch, are warm even if wet, can be washed, are naturally durable, and don't require a scrim or quilting in mfg.

THINSULATE™ 3M: Compact weights(CS), with scrim (THIN+wt)

Thinsulate insulation is as weight efficient as Down and better than leading brands of synthetic insulation.

Note of Explanation about Zippers

1. All zippers are Black unless otherwise stated.
2. 2.5 is the smaller and 10 is the largest.
3. Continuous means that the zipper is cut from a large reel. Used where one or both ends will be sewn in or closed off.
4. "C" stands for Coil. Coil Zippers are generally smoother opening, more flexible and easier to work with.
5. "T" stands for Tooth. Tooth Zippers make a better separating zipper because the "pin in the box" is more durable, also they are more stronger and more abrasion resistant.
6. "DT" or Double Tab means one slider with a pull-tab on each side making it reversible. "F" or Flipover Tab can also be used as reversible
7. "ST" or Single Tab has a tab on only the top side.
8. "R" or non locking means the slider can be moved at any time
9. "L" or Locking means the slider has a mechanism that will lock it in place.

Width of a closed zipper (not including the zipper tape)

- 3 coil = .165 in ≈ 5/32 in
- 5 coil = .275 in ≈ 17/64 in 5 tooth = .225 in ≈ 7/32 in
- 8 coil = .284 in ≈ 9/32
- 10 coil = .417 in ≈ 27/64 10 tooth = .335 in ≈ 11/32 in

Home Page www.owfinc.com E-Mail order@owfinc.com

MAIL ORDER INFORMATION

Come see us on the Internet.

Our business hours. are 8 to 5 Mon.-Thurs., 8 to 4:00- on Fri. MST

Terms of Payment:

Payment must be received with your order, sorry no checks.

Please include the address that is a computer match for your credit card (billing address). Since we are unable to support a secure connection as yet, we ask that you send your order, wait for confirmation with your order number then call our 800 # to leave credit card information for your first order, thereafter we will have the info on file and just need to verify current information and get the 3 or 4 digit code on each order.

Shipping Information:

We use UPS and USPS Priority mail to ship orders. UPS ground is our standard shipping method for orders over 3 pounds unless otherwise requested. The handling fee of \$2.50 will be waived on all orders over \$20.

All orders are charged exact freight.

We ship within 2 business days of receiving your order unless you are notified of a problem.

If you wish us to estimate shipping **before** placing your order there is a \$4.00 RUSH fee

If you wish UPS same day shipment there is a \$4.00 RUSH fee and the order needs to be received before 2pm MST. USPS priority mail same day shipping is more difficult as we open at 8am and our pickup is between 10 and 11am. If you require USPS same day there is a \$10.00 fee for post office delivery.

International Shipping:

We are quite happy to ship anywhere in the world, however there are quite a few variables for shipping international orders; we charge a \$3.00 intl. processing fee and then exact frt so shipping depends entirely on how heavy your order is. Also of great influence is how fast you want it. UPS Brown

https://wwwapps.ups.com/ctc/request?loc=en_US&WT.svl=PNRO_L1 is recommended for all intl.

shipping over \$100; it's about 3 times as expensive as USPS (except to Canada where UPS standard is quite reasonable) but tracking is unreliable with USPS therefore no guarantee for delivery or reimbursement if your package is lost. (Although we haven't actually had a lost package for about 7 years). Here is the international link for the USPS <http://ircalc.usps.gov/>. If you choose USPS there is also a \$10.00 handling fee. You need to check with your local customs office for specific charges on your end. You might be interested in ordering samples, there wouldn't be the handling & processing fees for samples but you would need to pay for a flat rate envelope.

Retail Buyers quantity price breaks:

Buy 20 yds of any type of fabric (same price) and receive wholesale prices for that entire order.

Buy Hardware alone in bulk increments to receive regular wholesale pricing for that item.

Ask about Full roll fabric prices

Qualified Wholesale Orders:

Check with us if you are manufacturing goods for resale. We have a special wholesale plan designed for you. Ask for our QW form. Contact us for considerations of special orders of fabric not currently stocked. Full rolls may be purchased at a further reduction. Any drop shipments would have exact frt added.

Disclaimer:

We recommend that the purchaser of fabric and hardware, should inspect the entire shipment for flaws or questions before any cutting. We cannot accept back any items that have been cut or that are older than 60 days. If any discrepancy arises and you feel a return or adjustment is necessary, Please call ahead for the RMA# (Return Merchandise Authorization number).

Restocking fees:

Return of merchandise for reasons other than quality problems are subject to a restocking fee. Only standard stock items may be returned. Bulk quantities will be charged a 20% restock fee, less than bulk quantities OR large quantities (more than 100 yds of fabric or more than 500 hardware) at 25%. Faxed or emailed orders are at 10% & 20% restock fees. All first quality **Special Order** items must be paid for in accordance with the terms of the original order. **Returns will not be accepted without a specific Return Merchandise Authorization Number that we have given to you.** Put the RMA # on the outside of the package and on your note! **If your return is less than \$5.00 your credit will be held on your account as an in store credit**

Credits will be applied when the return is received by the shipping dept. usually within 2 days of receipt.

PRICES ARE SUBJECT TO CHANGES AT ANY TIME. YOUR NAME, ADDRESS, PHONE # OR EMAIL ADDRESS WILL NOT BE SOLD OR PASSED ON TO ANYONE!
